[Caravogue House, COVID-19 STAY SAFE CARE PLAN](#)

**“Let’s work together to avoid the spread of COVID 19, together we are stronger”**

As a family we are following training programmes to ensure that safety & sanitisation is a top priority throughout. We adhere to all government & Failte Ireland guidelines on cleaning guestrooms, public areas and we use recommended cleaning products that have a stronger disinfectant ingredient.

Gloves, masks, and any protective equipment for the Caravogue team and guests will be supplied and readily available. As an extra measure, personal disinfectant antibacterial sprays and individual sanitisers are in each room.

We have contactless hand sanitisers available in all areas.

We ask you to help us with our plan by maintaining social distancing and following COVID 19 personal measures & practices, these guidelines are visible as reminders in your room and public areas.

**With luxury at the centre of all that we do, we look forward to welcoming you.**
